

13" x 13"

Yardage

Background

- (4) 3½" x 6½" pieces
- (4) 2½" x 5" pieces
- (8) 2" x 3½" pieces

Cone

- (1) 4" x 14" piece

Four Different Ice Cream Fabrics

- (1) 4½" x 4" piece of each

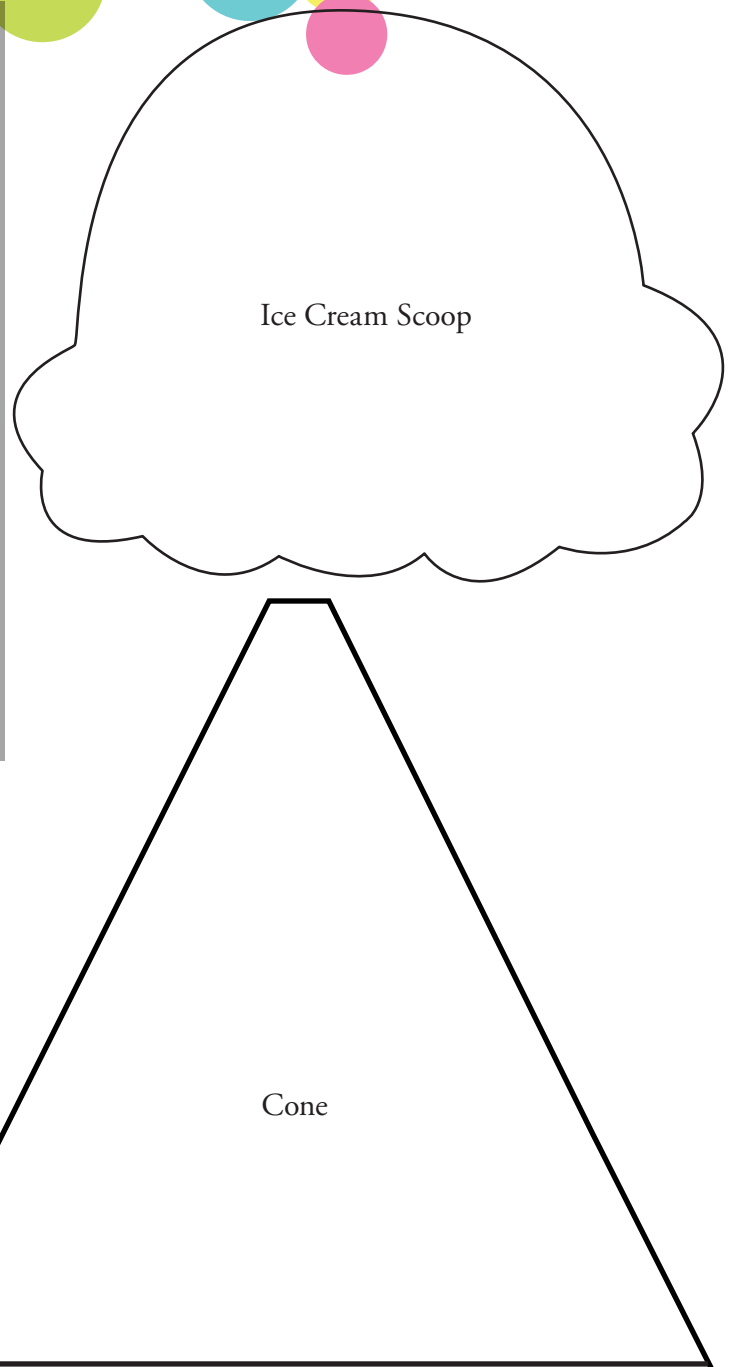

Non-Woven Fusible

- Interfacing 4½" x 16"

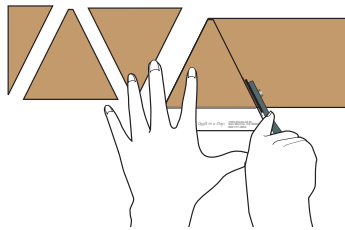

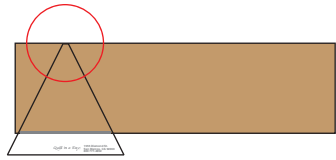

Template Plastic

- 5" x 8"

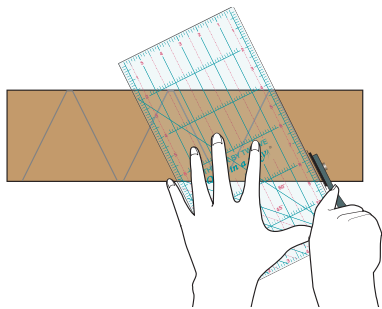

Making the Cone

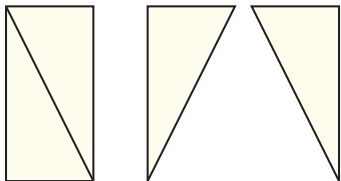

- Using the Triangle ruler, cut four Cones from the 4" x 14" piece. Make sure blunt end lines up with top of strip.

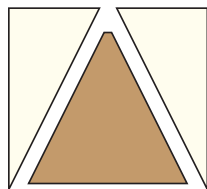

If you don't have a Triangle Ruler, trace on template plastic. Mark lines and cut with ruler.

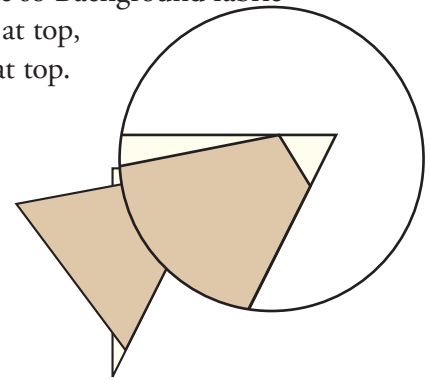

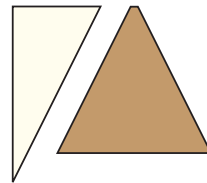

- Layer two pairs of 2½" x 5" Background rectangles wrong sides together. This is essential for mirror imaging.
- Layer cut on one diagonal. Sort right side up.

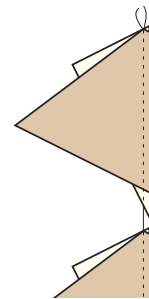

- Lay out Cone with base at the bottom. Position Background triangles on each side of Cone.

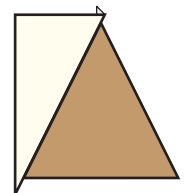

- Flip Cone right sides together to left Background triangle. Position Cone so Background fabric extends beyond Cone at top, creating a tip at the flat top.

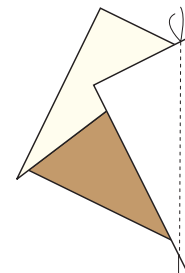

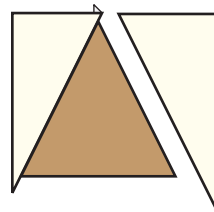

- Sew with ¼" seam.

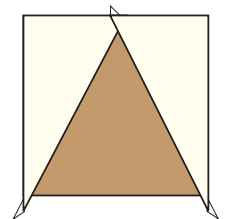

- Press seam to Background.

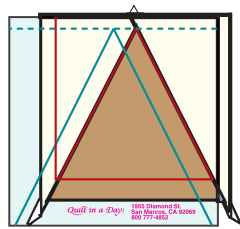

- Place remaining Background triangle to the right of the Cone. Flip right sides together, line the top tip of both pieces together, and sew.

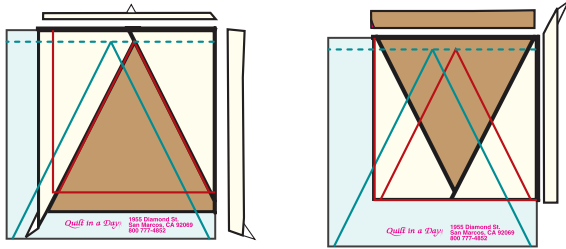

- Press seam to Background.

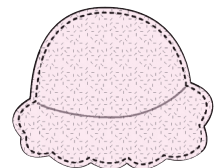

10. Place on small cutting mat.

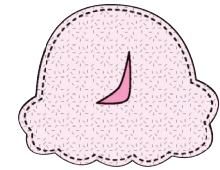

11. Line up red triangle line on Triangle in a Square ruler with seams. Trim on all four sides, squaring patch to 3½". Turn cutting mat as you trim. If you do not have a Triangle in a Square Ruler, square to 3½". Leave ¼" at tip.

5. Trim to ¼". Clip inside curves to stitching.

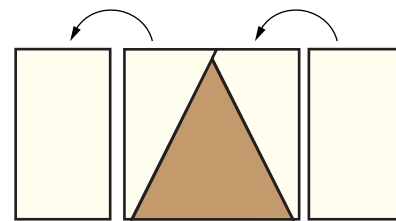

6. Cut a small slit in the middle of the fusible. Turn right side out.

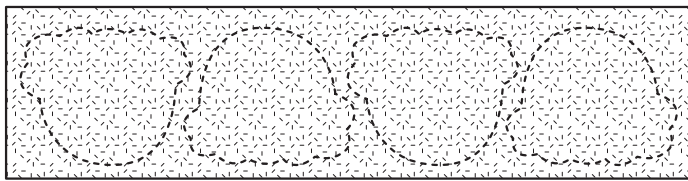

Completing the Block

1. Sew the 2½" x 5" Background piece to each side of the Cone.
2. Press seams away from Cone.

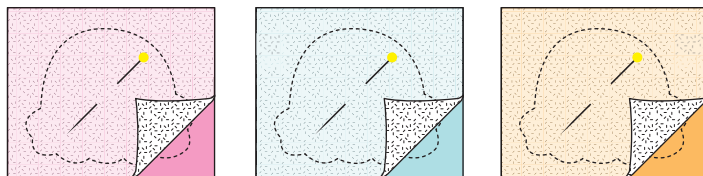

Making Three Ice Cream Scoops

1. Trace the Ice Cream Scoop pattern on template plastic, and cut out.

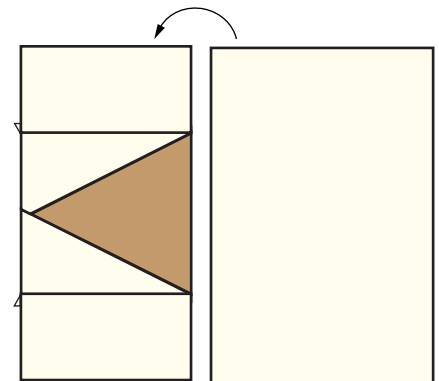

2. Trace four Ice Cream Scoops onto the smooth side of the lightweight fusible interfacing. Leave ½" between Scoops. Rough-cut apart.

3. Place Scoop with fusible side of interfacing against right side of fabric.

3. Sew the 3½" x 6½" Background piece to the top of the Cone.

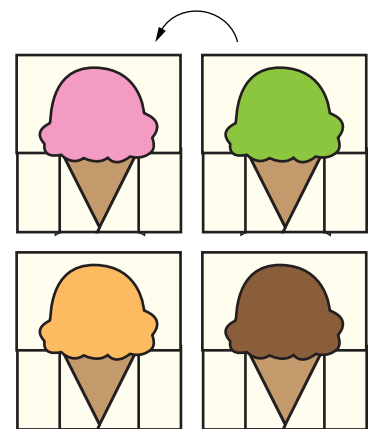

4. If necessary, square sides.

5. Center the Scoops on top of each Cone.

6. Applique around outside edges by machine or by hands. Sew a decorative stitch on top of Scoop.

7. Sew patches together.

4. Sew on the lines with 20 stitches per inch.
